Message from Father Lanoue

My dear student friends,

The first question in the Catechism of old was: "Why did God make me?"... "to know, love and serve God here on earth so that one day we would be happy with Him forever." A more complete statement would be: God made us to know Him that we may love Him and help others to learn to love Him, to serve Him and help others to serve Him, and our reward would be a happy eternity. Parents today are deeply concerned about their children getting the best education possible so that these children may be prepared to step in the best paying jobs, and may suffer none of the privations and sufferings that they, the parents, had to endure. In obtaining this education for their children, the parents themselves, no matter how highly trained they might be, do not attempt to educate their children, but turn them over to the schools for 12 to 16 years or more. You never find intelligent people taking their children out of school at the end of 3, 5 or 8 years just when the children have learned to read and count. Ability to read and count isn't enough for success in '66 automated Space-age.

But we are not here on earth just to be comfortable, to have a good job, but FIRST AND MOST IMPORTANT, to get to Heaven by the knowledge, love and service to God. Students today need every year of Catholic education possible if they are to be successes in knowing God and making Him known, if they are to become mature Catholic apostles able to explain their faith in an adult way to educated adults - not just defending it and apologizing for it, but loving their Catholic belief so much that their enthusiasm over it, over the love and service of God, infects those with whom they come into contact. Dear parents and dear student friends, this is what Catholic education is meant to accomplish; that is the reason why Catholic schools are built in your parish... the result of YOUR sacrificial charity. God love and reward you for it.

Sincere congratulations are in order for the coming graduates of Grade 12, and to their parents who thought enough and so much of you that they saw to it - through prayer and sacrifice - that your education would be a thoroughly Christian and Catholic one. Make good use of it.

Your pastor,

(Rev.) Chas E. Lanoue

Message from St. Gregory's Pastor

Dear Students:

I regret that my association with St. Anne's High School must come to an end. These past eight years have been trying and challenging ones, requiring a great deal of sacrifice from the participating parishes. At the same time they have been rewarding years - the progress made - the new courses introduced - the dedication of the teaching staff - the number of graduates who have gone on to establish themselves in professional and business careers - these add up to very rewarding years.

I assure you that, although no longer connected with the School, I shall always be keenly interested in the activities of St. Anne's High School. Continue to manifest the same spirit which has become so characteristic of St. Anne's High School Students. May God bless you.

Thank you.

A handwritten signature in cursive script that reads "Victor C. Cote".

Principals' Messages

Senior High Principal

Dear Students of St. Anne's,

Yours is the privilege of living in the greatest of all ages - the space age. For this, thank God.

The study of space is only in its beginning - may you find happiness in its discoveries.

The challenge in your generation has never been equalled - pray for strength and courage to meet it. This strength and courage must be found in Him who said:

"Follow me for I am the Way, the Truth and the Life."

I pray that you may always follow Him who is the Way, because without Him there is no going; that you may study Him, for without Him there is no knowing; that you may live with Him, for without Him there is no living.

As you leave St. Anne's this June may you follow the Way along the paths of Truth to the triumph of Life.

This is my prayer for all of you this June of 1967, and for all those who have passed through this school since its beginning twenty years ago.

May God bless you and keep you in His Truth and Love.

Mother Emelina

Junior High Principal

Dear Students of St. Anne's,

We are all born with God's inherent gifts of capabilities. Thus, there is a reason why some of us are more able than others. Whatever your ability be, work at your fullest capacity. Even though some achieve more than others academically, if you have tried, then you have gained.

V. M. Sinden

Championship Games.

St. Anne's breezes to jr. title

To the surprise of no one, St. Anne's High School of Tecumseh won the South-Western Ontario Secondary Schools Association B junior boys basketball title Monday afternoon in Wallaceburg.

St. Anne's clobbered St. Thomas High School of Wallaceburg, 83-33 in the first game of their two-game, total-point series a week ago and Monday potted 24 points in the first quarter and coasted to a 40-15 win over the Glass-towners.

The win gave them the series by a commanding, 123-48.

Brian St. Louis was high man for St. Anne's, hooping six field goals for 12 points. Chris Fleisser was next best with four from the floor for eight points. The entire St. Anne's starting five scored at least four points each.

Jean-Paul Bisnaire topped the St. Thomas scoring with two field goals.

| ST. ANNE'S | | | ST. THOMAS | | |
|------------------|-------------------------------|------|--------------|---|------|
| | G | F T | | G | F T |
| Heath, f | 1 | 2 4 | Holmes, f | 1 | 0 2 |

(Pierre C.)

Be my
Valentine?

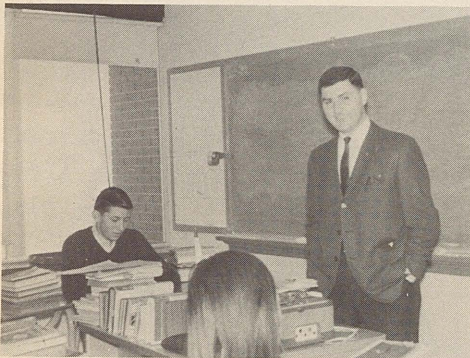

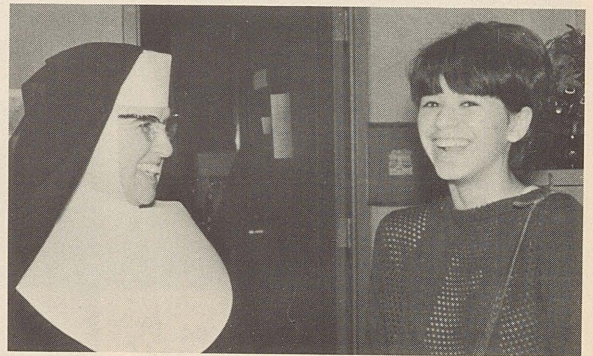

Mina

Maria Christina (Mina) Monzon, a Mexican student, visited St. Anne's for two months this year. She attended classes with us, and learned a little of our Canadian customs. We enjoyed having this guest from Mexico and we hope she will remember her visit to Canada for a long time.

Before Mina left, we gave her a gift from all the students at a special assembly. Here are some pictures of Mina in the school, laughing over a joke with Mother Emelina, and being waited on by Mike at the canteen.

Since Mina came from a very warm country she felt that the Canadian winters were quite cold. But she was probably surprised when she returned to find snow in Mexico.

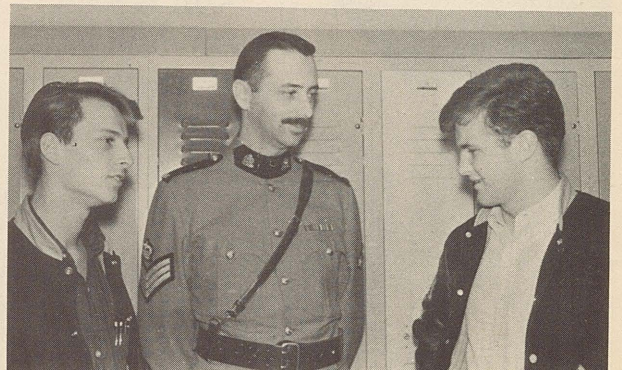

Guidance

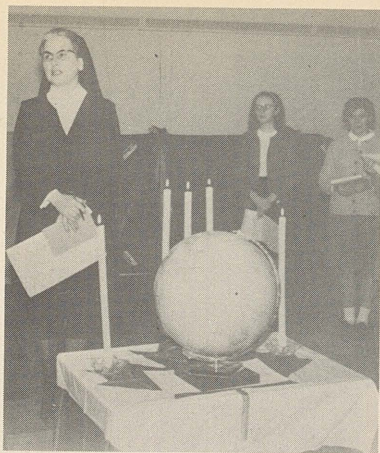

St. St. Anne's High School the Guidance department is an important one. M. M. Olivia, the guidance counselor is completing special courses given by the Dept. of Education. These include counseling by a University of Chicago instructor and three areas of guidance--group guidance, straight counseling and individual testing.

In this school, Kuder Preference tests, I.Q. tests, individual interviews, guidance on careers and discussion of personal problems at anytime are available to all the students.

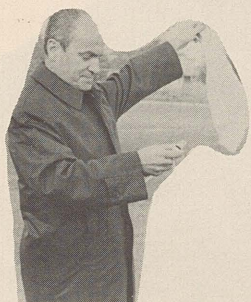

Several people have come to speak on different fields and careers. Sgt. Carl (right), spoke and showed films about the Royal Canadian Mounted Police and Mr. Gerry Campeau of Tecumseh (above) represented the field of art, naturally stressing the importance of florists. Miss Paula Marcotte, a member of the Lay Institute spoke to a group of the girls on Lay missionaries. Bell Telephone sent Mrs. Fralik to discuss career opportunities with Bell. A scientific engineer also came to demonstrate the uses of the laser beam. He was quite interesting and astonished us.

GM. leadership starts with
McKinnon

The only way you get to see the McKinnon built part of a GM car is by lifting the hood - or crawling underneath. That way you can inspect the engine, transmission, differential and rear axle to your heart's content. Most people are satisfied to know that these very important items are all there and functioning smoothly in Canada's most popular cars. And as long as most people are satisfied, then we at McKinnon are satisfied too. You don't see what we build very often - but even the best cars (GM cars) wouldn't get very far without it. Gives us a warm feeling, knowing that we're needed. Have been since 1878, in fact.
